Today we're going to hear the true story of Jesus'

resurrection

that we have probably heard lots of times before. But that's ok. There are some things we need reminding about lots (like to eat our

vegetables

up!) and the resurrection is one of those things. Actually, God says we need to be

reminded of it

a lot. We're going to see 3 things that will help us as we remember:

## 1. The resurrection

really happened.

Matthew gives us lots of

facts to help us with

this and he also shows the lies

that were told by the religious leaders to

try to stop people believing

that Jesus had come back to life.

## 2. The resurrection really is totally

amazing! The

first people to meet the risen Jesus were very happy but also a bit

scared because it

was a totally amazing thing to happen.

## 3. The resurrection helps us to see that Jesus really is the special

King described in the Old

Testament that God promised would one day rule his people.

Remembering this can help us when we feel worried or when life is hard.

**Jesus**

**is**

**alive!**

**Jesus**

**is**

**alive!**
